

## Charles Kendall Packing Overview

Charles Kendall Packing operates from the same Heathrow and Manchester sites and offers a full range of packing services from customised case-making to on-site packing.

### Specialist packing services

Charles Kendall Packing form part of Charles Kendall Group's seamless, end-to-end supply chain management solutions.

- Export Packing including tropicalisation
- Case-making
- Warehousing & Consolidation
- Hazardous Cargo
- Fine Art & Antiques
- Project Management & Consultancy
- Insurance

They have experience in packing a range of cargos from household goods to hazardous materials, prototype sports cars, plant weighing hundreds of tonnes, and priceless paintings.

Cases are built to customer specifications at our sites in London Heathrow and Manchester. Our facilities include over 48,000 square feet of warehousing space, and the Heathrow site also includes a 10-tonne overhead gantry crane, as well as container loading facilities.

### Consulting

As well as the packing itself, we can provide expert consultancy on all aspects of packing, insurance and international regulations, as well as help with project management.
